

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will go out of business and consumers will be deprived of choice. The FCC will be wholly to blame for ignoring both the mandates of Congress and the Supreme Court. DO NOT DO IT.
